

## Marine and Environmental Studies Scholarship

**Amount:** \$5,000

**Awarded Annually**

**Deadline for application:** August 12, 2019

**Provided by:** Baffinland Iron Mines

**Renewable:** No – must re-apply each year

### **Brief description:**

Awarded annually to a full-time student enrolled in the first, second, third or fourth year of a recognized program related to environmental technology, sustainable development, marine engineering, ocean mapping, natural science or related programs. The candidate must demonstrate a commitment to a career in, government, the non-profit sector, sustainable development, environmental safety, shipping, fish harvesting, the Canadian Navy, eco-tourism or a related field. Furthermore, the candidate must have an affinity towards environmental conservation.

### **Eligibility:**

Open to Nunavut Inuit enrolled under the Nunavut Agreement. Priority will be given in the following order:

1. Inuit applicants from Hall Beach, Igloolik, Clyde River, Pond Inlet, Arctic Bay
2. Other Qikiqtani Inuit
3. Inuit from the rest of Nunavut

### **Application instructions:**

We encourage all those interested in pursuing post-secondary education to apply for one of the scholarships, even if their area of study does not completely align with the description outlined above.

To apply, submit the application and supporting documentation (listed in the application guidelines), to our BCLO offices in Arctic Bay, Clyde River, Hall Beach, Igloolik, and Pond Inlet, to our Northern Affairs office in Iqaluit, or by email at [contact@baffinland.com](mailto:contact@baffinland.com).

Application forms are available on Baffinland's website and in our Nunavut community offices.

Visit [ww.baffinland.com](http://ww.baffinland.com) or speak with one of our Baffinland Community Liaison Officers for more information.
